

National Day of Remembrance

Patriot Day

COURAGE, A REMINDER OF OUR NATIONS STRENGTH

While America takes Patriot Day to remember the events of Sept 11, 2001, Key Hose is taking the opportunity to better the world First Responders gave their life to secure. With donations to the Terry Farrell Firefighter Fund and the Stephen Siller Tunnels to Towers Foundation, Key Hose aims to care for those who care for us. Many struggles have arisen this year and surely there will be challenges ahead. Taking from their example of dedication, caring and resolve, we will see each other through to a better, stronger America. Stay involved, stay safe.
